Elena,

Attached is a spreadsheet with all the requested text messages. I did a little formatting so its easier to read. The Messages tab contains all the messages that were still on the phone, and the Recovered Messages tab were the ones he deleted but hadn't actually been purged from the phone. There could have been deleted messages that were purged from the phone but those cannot be recovered.

Those messages with Inbox in the Type column are ones he received. The ones with Outbox are the ones he sent. You will see a bunch of attachment columns which indicates he sent pictures or some other file in those messages. We are uploading those attachments to a Drive folder now, but there are 2400 files to the tune of about 1.6 Gb (a lot). I can share that with you once its done. Just let me know.

I didn't send this to the others on the original distribution list due to possible sensitivity, but we can send back to the FOIA office whenever you give the green light.

Any questions give me a shout.

Thanks,

David D Alspach

Sure. The sole purpose of my front end review of your search is to ask questions that others may not know to ask further in the process. It helps me ensure you have what you need to do a comprehensive search for all responsive documents.
Thanks.
Elena

We can do that Ken. What will be shared with Elena will not have the redactions applied yet though which is normally what happens as it goes into the awareness review. The retractions are see through so our people can tell what the FOIA team has redacted. Just wanted to make sure you know how this works through the process normally. With Axcelerate 5 in place for FOIAs, I'd like to just give Elena access to the files in the tool so she is a reviewer just like everyone else.

Thanks,

Thanks,

You should do the search and then share responsive documents with me before submitting to FOIA office. Scott gets to do an awareness review of responsive documents after the FOIA officer/s have reviewed and before anything is released to the requestor. I have one question that I will discuss with Sylvia when I see her later today.

Thanks.

Elena

Hi Tim,

I know we've worked with you before to try to get text messages from phones. We have a new request for text messages (see below). Do you know if you have the old phone for Russell Roddy? He is no longer employed at DOI. (b) (5)

os_foia@ios.doi.gov

Dear Freedom of Information Act Officer:

Pursuant to the Federal Freedom of Information Act, 5 U.S.C. § 552, I am writing to request the following records in the possession of the Department of the Interior:

- All text messages sent or received by Rusty Roddy, former advance staffer to Secretary Ryan Zinke, between January 3, 2018 and January 10, 2018.

I am **not** a commercial requester. I understand that there might be costs associated with this request. I would request a waiver of fees, and ask for you to contact me by e mail at researchinfo@dnc.org before incurring charges if this request will be in excess of \$50.

My preferred reproduction format is an electronic file e mailed to me at researchinfo@dnc.org. If this is not possible, I request that you provide access to these records electronically via an FTP site, or mail electronic copies of the records to me on removable media, such as a CD or flash drive. If none of these delivery methods are feasible, I request that you mail paper copies of the records to me at the address provided above.

I would appreciate your communicating with me by e mail at researchinfo@dnc.org rather than by mail or telephone, if you have questions regarding this request.

If all or any part of this request is denied, please cite the specific exemption which you believe justifies your refusal to release the information and inform me of your agency's administrative appeal procedures available to me under the law.

Thank you for your assistance in this matter.

Sincerely,

Lauren Dillon
